## **REASONS FOR AND BENEFITS OF THE DISPOSAL**

The principal activity of the Company is investment holding. The principal activities of the subsidiaries of the Company consist of investment holding, development of new energy business and mining.

In recent years, the Group has expanded its business into overseas markets instead of relying solely on the PRC market. The Company conducted the Subscriptions expecting to create a synergy effect with Quantron AG in view of establishing a foothold in Europe for achieving faster growth in European regions. After the completion of the Subscriptions, the Company received some purchase orders via Quantron AG for the manufacturing of its electric buses and relevant components. It is expected that the Group may continue to receive purchase orders from Quantron AG after the Disposal.

As the Group will record net cash inflow from the Disposal, given the Group subscribed for the Sale Shares through the Subscriptions at a total consideration of approximately EUR7,027,930, which was settled by the Group through a combination of cash and allotment and issuance of consideration shares, while the Consideration for the Disposal is EUR12,500,000 (equivalent to approximately HK\$105,000,000) which will be settled in cash by the Purchaser, the Group considered the Disposal presented an opportunity to realise its investment in the Sale Shares.

In addition, the Board is of the view that, the resources of the Group should be best deployed and aligned with the overall and long-term goals of the Group for the exploration and development of electric vehicles and components-related business(es) or venture(s) with better prospects or higher growth potential that will best serve the interests of the Company and its shareholders in the long run.

In light of the above, the Board is of the view that the Disposal is a commercially sensible business decision and an appropriate course of action to take for the long-term development of the Group. As such, the Board considers the terms and conditions of the Term Sheet and the Disposal are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

## **INTENDED USE OF PROCEEDS FROM THE DISPOSAL**

The net proceeds from the Disposal, after deducting transaction costs, are estimated to be approximately EUR12,450,000 (equivalent to approximately HK\$104,580,000), which is intended to be used for the development and expansion of the Company's electric vehicle business and general working capital purposes.

## **FINANCIAL EFFECT OF THE DISPOSAL**

The Sale Shares is classified as financial asset at fair value through profit or loss in the Group's consolidated financial statements. Upon Completion, the Company will cease to hold any equity interest in Quantron AG.

The acquisition cost of the Sale Shares, being the consideration for the Subscriptions was approximately HK\$64.9 million.

The Group expects to recognise an unaudited gain of approximately HK\$39.7 million as a result of the Disposal, which is calculated based on the estimated proceeds from the Disposal of approximately HK\$105.0 million, deducted by the book value of the Sale Shares on the consolidated financial statements of the Group of approximately HK\$64.8 million and the estimated transaction cost of approximately HK\$0.5 million for the Disposal. The actual gain or loss as a result of the Disposal to be recorded by the Group is subject to audit and will be assessed after the Completion.

## **LISTING RULES IMPLICATIONS**

As one or more of the applicable percentage ratios in respect of the Disposal as calculated under Rule 14.07 of the Listing Rules exceeds 25% but are less than 75%, the Disposal constitutes a major transaction for the Company under Rule 14.06(4) of the Listing Rules.

The Company will publish further announcements upon the entering of the definitive sale and purchase agreement with the Purchaser.

A SGM will be convened and held for the Shareholders to consider and, if thought fit, approve the Term Sheet and the transactions contemplated thereunder. A circular containing, among other things, further details of the Term Sheet, together with a notice convening the SGM, is expected to be despatched to the Shareholders on or before 22 July 2022, as additional time is required for the entering of the definitive sale and purchase agreement and preparation of the financial information of Quantron AG.
